

Basic Fire Safety Awareness Training

Fire annually kills 700 people in the United Kingdom and costs approximately £1,500 million in insurance claims from industry.

This course teaches basic fire safety awareness as it applies to the workplace. Courses can be tailored to suit a specific audience and typically run for 3 hours.

Subjects covered include:

Causes of workplace fires

Fire safety precautions

Reducing the risks

Fire fighting procedures

Fire extinguisher recognition and use theory

Practical use of fire extinguishers- dependant on a suitable area

Fire action planning

The cost of this course is £375 +VAT for one half-day training session or alternatively two courses can be run on the same day for £550+VAT. This covers instruction for groups of up to 14 students at a time. It includes certification and a comprehensive manual for each student in line with the Regulatory Reform (Fire Safety) Order 2005.
