

Paediatric First Aid Instructors Course

This course is designed to enable the successful candidate to train Paediatric First Aid courses both the one-day and two-day in accordance with the latest Early Years Foundation Stage Statutory Framework (EYFS) and Ofsted guidelines.

The course is run over three days and covers two essential areas:

- **Two days of in-depth first aid knowledge-designed to give students the extra knowledge to enable them to train paediatric first aid effectively**
- **One day of teaching and training practice. Students will deliver one training session each this will be assessed, and feedback given to the potential instructor, by a senior member of Aid Training.**

Students coming on this course should have completed a paediatric first aid course beforehand to give themselves some background information.

Please note - this course does not qualify people to train First Aid at Work or Emergency First Aid – if you wish to train these courses you should attend the First Aid and AED Instructors course.

The cost of this course when attending an “open” course is £295 + VAT per student. This covers certification, manuals and tea/coffee.

Please note that it does not include any meals or accommodation.

In addition all students will receive a Paediatric First Aid Instructors disk that includes all that is needed to train both the one and two day courses.

For further information regarding any aspect of our First Aid Instructor courses please contact us.
